

# St. Petersburg Watercolors

A professional quality watercolor made in a country rich with art history. These liquid-poured, semi-moist, full pan watercolors are manufactured in a St. Petersburg factory that has been producing color for over 100 years. The liquid-poured process is thought by professionals to be the highest quality grade watercolors. The finest raw materials and pigments are used to guarantee the highest possible light and colorfastness.

Lightfastness:  
Excellent I    Very Good II    Fair III

All individual Yarka™ St. Petersburg Watercolors are packaged according to ACMI regulations. While many colors are AP Approved non-toxic, certain colors bear the CL label with safety warnings.
